A memorial for your consideration

Prepared for	Fictional North family — demonstration only
Project reference	DEMO-NORTH-014

Design description

An oval-top tablet on a rectangular base, with a centered family name and understated memorial wording. Demonstration stone appearance only.

Consultant notes

Please review the spelling, dates, measurements and text placement together. Material availability, engraving details and applicable cemetery requirements still need confirmation. This fictional example is not a production order.

For your review

Preliminary proposal, subject to final design confirmation, material availability, production review and applicable cemetery requirements. This is not a binding contract, manufacturing approval or final purchase order.

Pricing to be confirmed following design review.

Monument specifications

Monument profile	Oval-top upright
Tablet width	54.5 in
Tablet height	34.25 in
Tablet thickness	9.25 in
Base width	64.25 in
Base height	9.5 in
Base depth	16.25 in
Oval cap rise	11.75 in
Overall width / height / depth	64.25 / 43.75 / 16.25 in

Inscription details

Name: NORTH FAMILY

Center X 27.25 in | Baseline Y 11.75 in | Font size 2.75 in

Dates: 1900 — 2000

Center X 24 in | Baseline Y 17.4 in | Font size 1.15 in

Epitaph: A life remembered

Center X 24 in | Baseline Y 22.8 in | Font size 1 in

Positions are relative to the tablet's upper-left bounding corner. X is the horizontal text center; Y is the baseline. Font size is the em-square size, not letter height.

Preliminary geometric quantities

Tablet front-profile area	1729.199349 in^2
Tablet volume	15995.093977 in^3 / 9.25642 ft^3
Base volume	9918.59375 in^3 / 5.739927 ft^3
Total volume	25913.687727 in^3 / 14.996347 ft^3

Nominal solid geometry: a uniform-thickness tablet and rectangular base. Excludes engraving, bevels, holes, joints and fabrication allowances. Volume is not weight; no density or safety approval is implied. Display values are rounded to six decimal places; 1 ft^3 = 1728 in^3.

Drawing proportions are consistent, but this PDF is not a calibrated full-size production drawing. Stone appearance is demonstration material, not a verified supplier sample.
