Customer Design Proposal

A memorial for your consideration

Prepared for Fictional North family - demonstration only

Design description

Oval-top tablet on a rectangular base. Demonstration stone appearance only.

Consultant notes

Please review spelling, dates, dimensions, and placement before production. This fictional example is not a production order.

For your review

Preliminary proposal, subject to final design confirmation, material availability, production review and applicable cemetery requirements. This is not a binding contract, manufacturing approval or final purchase order.

Pricing to be confirmed following design review.

Monument specifications

Monument profile	Oval-top upright
Tablet width	48 in
Tablet height	32 in
Tablet thickness	9 in
Base width	60 in
Base height	8 in
Base depth	14 in
Oval cap rise	8 in
Overall width / height / depth	60 / 40 / 14 in

Inscription details

Name: NORTH FAMILY

Center X 24 in | Baseline Y 11.75 in | Font size 2.5 in

Dates: 1900 — 2000

Center X 24 in | Baseline Y 17.4 in | Font size 1.15 in

Epitaph: A life remembered

Center X 24 in | Baseline Y 22.8 in | Font size 1 in

Positions are relative to the tablet's upper-left bounding corner. X is the horizontal text center; Y is the baseline. Font size is the em-square size, not letter height.

Preliminary geometric quantities

Tablet front-profile area	1453.592895 in^2
Tablet volume	13082.336053 in^3 / 7.570796 ft^3
Base volume	6720 in^3 / 3.888889 ft^3
Total volume	19802.336053 in^3 / 11.459685 ft^3

Nominal solid geometry: a uniform-thickness tablet and rectangular base. Excludes engraving, bevels, holes, joints and fabrication allowances. Volume is not weight; no density or safety approval is implied. Display values are rounded to six decimal places; 1 ft^3 = 1728 in^3.

Drawing proportions are consistent, but this PDF is not a calibrated full-size production drawing. Stone appearance is demonstration material, not a verified supplier sample.
